

Another Whitesboro Alumni Association Golf Tournament has been completed and as usual the support provided by our volunteers, community, sponsors, and 99 golfers was nothing short of sensational. Over 100 businesses and community members supported us with either a \$50 hole sponsorship, or items for our raffle. We would especially like to thank **Roger Hovey** of Usherwood Technologies for his continuing commitment to this tournament as he sponsored our putting contest and lunch. Also, **Frank Mastrovito** and **Kristian Smith** of Mastrovito Hyundai for sponsoring our hole in one contest on all the par 3's.

There were several major accomplishments with the biggest being **Melissa Hovey's hole in one on the par 3 sixth hole**. She knocked it in from 131 yards and won her choice of clubs from PXG. On the par 3 eleventh hole Dave Szatko missed getting a new car by less than a foot. Also, Steve Schoen and Alex Malta became the first participants to "Put it in the Pipe" from the eighteenth tee. John Constabile won our putting contest and just missed the \$5,000 putt from 50 feet. Congratulations to all our winners including the team of Tina Stay, Cindy Martin, Annette Simpson, and Gina Szczygiel for being the team who put in the most effort.

Our other winners are listed below:

<b>Mens First Place</b>		<b>Long Drive - Men</b>	<b>Womens First Place</b>	
Bill Barry	<b>58</b>	Tom Farrell	Aggie Kane Barry	<b>76</b>
